

**CGC REAFFIRMS SUPPORT FOR MSMEs
AMID CURRENT ECONOMIC UNCERTAINTIES**

Credit Guarantee Corporation Malaysia Berhad (CGC) acknowledges ongoing global and domestic economic challenges, including rising energy costs, broader cost pressures, and geopolitical developments resulting in supply chain disruptions.

CGC recognises that these conditions may impact MSMEs, particularly in operating costs and cash flow. We are closely monitoring developments and their potential implications on businesses and the financing environment.

CGC remains committed to supporting MSMEs and continues to work closely with financial institutions and stakeholders to facilitate access to financing.

MSME borrowers facing difficulties are encouraged to engage CGC early to explore suitable support options. Financial advisory services are also available through CGC's dedicated team and branches nationwide.

CGC will continue to support Malaysian businesses and contribute to the resilience of the MSME sector during this period.

For assistance, please contact CGC's Customer Service Centre at +603-7880 0088 or email csc@cgc.com.my. More information is available at www.cgc.com.my and <https://imsme.com.my/>.
